

**Four Corners Air Quality Task Force
Other Sources Work Group
May 9, 2007
Farmington, NM**

Attending: Rita Trujillo, NMED (work group coordinator); Jeanne Hoadley, USDA Forest Service (Note taker) Kim Livo, CDPHE/APCD; Stacey Simms, American Lung Association of the Southwest; Ethan Hinkley, Southern Ute Environmental; Bev Warburton, Citizen.

The work group engaged in a review of those mitigation options which had been proposed but not finalized to determine which the group still felt were important enough to get into the final report. The options and action or reason for no action are listed below.

Fugitive dust – a similar option is included under Oil and Gas – no further action

RPO for four corners – the group drafted an option – Rita will finalize and submit

Uniform regulations for dust control – this was never submitted due to lack of technical assistance

Multi modal Transportation options for 2035 plan – too large in scope and insufficient expertise to complete.

Clean Cities – Funding was not awarded by DOE

Anti Idling – Kim will complete by next week

School Bus retrofit – Kim will complete by next week.

Auto Licensing and registration tax – not economically feasible

Regional Vehicle I&M – Done Kim will resubmit

Oil and Gas retrofit and replacement
Considered under Oil and Gas
Stacey will review and comment if necessary

Consider Ambient Air Quality before Prescribed Burn
Done but may not be feasible with current monitoring

Low Read Vapor Pressure – Kim will submit next week

Public Education and Outreach for Open Burning – Stacey will look at this

Ag Burning in Colorado – Rita will follow up with Dave L.

Subsidy for Cleaner residential fuels - Kim is working on this

Filter Traps – Done

Corporate Rebates – combined with building standards

Next Meeting: August 8, 2007 - Durango

Agenda: Review public comments and determine where revisions are needed
and assign for completion
